

12 Days of Service Within the Family

Santa's Secret Helpers

The Holidays are a wonderful time of the year and what better way to celebrate it by doing service for one another within our families. It all starts with a letter from Santa needing help! For 12 days family members will serve one another in ways they find fit and leave a service card with what service was done. But remember don't tell who did it!! Print and cut out this letter from Santa and service cards to get started on a new family tradition!
